# ZENITH

**VOGUE** Made in Canada  **Buttress Free**

Quality & innovation have made Vogue a world-renowned name in the pool industry. The Zenith's structure is entirely protected by a variety of finishes. These optimize its resistance to corrosion while preventing condensation between the liner and the wall, ensuring a long, solid life for your pool.

- Vog-lok System (exclusive to Vogue Pools) – Pre-grooved parts to make screw installation easy. Screws lock in place to maintain structural integrity.
- Single wall seam (6 layer thick). Steel wall has a rippled finish that resists water pressure and external shocks.
- Zinc guard & resin wall - to optimize it's resistance to corrosion and prevents condensation between the liner and the wall.
- Steel uprights with no screws required, 5" wide fully supportive.
- A double-lock system around the bases of the uprights – increased strength and solidity.
- Steel slide-in joiner plate – easy to install.
- Invisible lateral supports on the oval models (braceless).
- 7" Steel top ledge, ledge covers are made of Synpro Resin. Rounded corners and design hides screws. Never chips or discolors.
- 52" (1.32 m) wall height.
- Not warranted with salt water.
- Warranty: 100% first 2 years; 30% discount for the balance of the life of the pool.
- Vinyl Liner in Brighton/Prism full pattern, 20mil, EZ Bead, 25-year pro-rated warranty.

**Pool Wall Coving** (cove is ideal to keep the weight of the water in the pool liner from ballooning out under the pool wall. Eliminates the need for banking sand to create a sealed barrier between the wall & liner. Fights corrosion, doesn't erode or freeze, adds R-Value for insulation.)

**Liner Guard** (Yard GuardOne-piece geotextile fabric construction with no cutting, taping, or measuring – just take out of the box and lay over the base. Porous – the unique fabric allows moisture to pass through. Cushioned feeling – the density of the fabric will not completely compress, giving a softer pool bottom. The strong geotextile fabric composition prevents rock, roots, sand, etc. from penetrating and damaging the liner. Reduces staining of the vinyl. Mold and mildew resistant. Smoother use of pool cleaners.)

*Everything your pool needs!*
